

# Installation Instructions

## INSTALL FOAM INSULATION

Additional insulation is provided with your window air conditioner to reduce heat leakage into the home, reducing overall energy usage.

- A** After the air conditioner is installed in the window measure the length of the accordion for both sides.

- B** Cut the foam insulation to the measured length of the left and right side accordion.

**NOTE:** Be sure to measure each accordion because the length could be different on each side.

- C** Remove adhesive from back of foam insulation. Stick the foam insulation onto the left and right accordion, and inside of the frames.

**NOTE:** be careful to cover the entire accordion.
